SKILLS

Penetration Testing

Web Application Security

Network Security

Vulnerability Assessment

EDUCATION

B.TECH/CSE

KIIT UNIVERSITY

2023-2027

- Cybersecurity, Ethical Hacking, Network Security, Cryptography, Digital Forensics, Operating Systems, Data Structures, Algorithms, Database Management Systems, Computer Networks.

DROP CERTIFIED SECURITY COURSES

DROP ORGANIZATION

2023-2024

- Network Security, Cryptography, Digital Forensics, Operating Systems, Ethical Hacking, Web Application Security, Information Security Management, Malware Analysis

PROFILE

A preactive and detail-oriented B.Tech CSE student at KIIT University, Bhubaneswar, with a strong passion for cybersecurity and ethical hacking. Currently pursuing advanced knowledge in cybersecurity, with hands-on experience in penetration testing, threat analysis, and vulnerability assessments. Adept at identifying and mitigating security vulnerabilities, and committed to ensuring the integrity of digital infrastructures. Actively expanding skills through specialized cybersecurity courses, including certifications from DROP Organization, to stay ahead in the rapidly evolving field of information security. Eager to leverage technical expertise and analytical abilities to secure challenging roles in cybersecurity and ethical hacking.

WORK EXPERIENCE

- While I am currently pursuing my B.Tech in Computer Science and Engineering at KIIT University, I have actively engaged in hands-on learning and practical projects related to cybersecurity. Through various courses in ethical hacking, penetration testing, and network security, I have gained a strong foundation in identifying and addressing vulnerabilities in both web applications and networks.
- I have worked on projects involving penetration testing of web applications, network traffic analysis using Wireshark, and vulnerability assessment using tools like Nessus and Burp Suite. These projects have enhanced my problem-solving abilities and provided me with real-world insights into common attack vectors and mitigation strategies.
